1951 – Formation of Governing Body

- The Table Tennis Association of the Philippines (TATAP) was established, marking the official start of organized table tennis in the country and laying the foundation for the sport's future growth.

1957 – Hosted Asian Championships

- Manila hosted the Asian Table Tennis Championships, placing the Philippines on the continental stage and showing its capability to organize prestigious international competitions.

meter pools.

An upset featured the table tennis finals when Li Kou-tin of nationalist China won the men's championship in an event which Japan has dominated for years. The 21-year-old Chinese defeated Japan's Keisuke Tsunoda 21—14, 21—18, 21—18.

Today's competition left only basketball and football finals and a cycling road race tomorrow to complete the games.

The Philippines play Japan in basketball. A loss would dethrone the Asian champion from Manila. Victory would put them into a final three-way tie with China and Japan to be settled on the basis of a "points spread"—so far in the Filipinos' favor.

1963 – Hosted Again

- For the second time, Manila hosted the Asian Championships, reaffirming the Philippines importance and consistent presence in Asian table tennis.

2012 – Paralympics Debut

- **Josephine Medina** made history as the first Filipino table tennis player to compete in the Paralympics, finishing 4th in London and inspiring hope for greater representation of Filipino para-athletes.

2014 – International Event Hosted

- The Philippines welcomed global players by hosting the GAC Group ITTF World Tour Philippine Open Challenge Series in Subic Bay, giving local athletes valuable international exposure.

2015 – Event Returns

- The ITTF Challenge Series returned to Subic Bay, highlighting the Philippines continued dedication to supporting and promoting international table tennis events.

2016 – Olympic First

- **Ian Lariba** became the first Filipino table tennis player to compete in the Olympic Games during Rio 2016, a historic achievement that brought national pride and inspired future athletes.

2016 – Paralympic Medal

- **Josephine Medina** earned a bronze medal at the Rio Paralympics, the first for the Philippines in table tennis, making her a symbol of determination and success in Philippine sports history.

Ongoing – Regional Dominance

- **Richard Gonzales** has been a consistent force in Southeast Asian table tennis, winning medals across multiple SEA Games. He was a singles champion in 2005 and 2015, a runner-up in 1999, 2009, 2013, 2017, and 2019, earned a doubles medal in 2011, and contributed to a team medal in 2005. His long-lasting success shows dedication, resilience, and leadership, making him one of the most respected figures in Philippine table tennis.

THANK YOU
